

GRD Gear Library Info Sheet

**Hi and thank you for borrowing an item from the GRD Gear Library!
Here is some useful info for you.**

What is the GRD Gear Library?

The GRD Gear Library is a music gear lending service made possible thanks to a partnership between Girls Rock Dublin and Dublin City Libraries.

Through this service, teenagers have access to about 100 items: music instruments, amplifiers, microphones, effect pedals and various accessories, which can be borrowed like a book.

All the gear belongs to Girls Rock Dublin, a volunteer-run, not for profit organisation that aims to grow girls and non-binary youth's self esteem through music creation and performance. Dublin City Libraries house the gear and manage the loans through their system.

The GRD Gear Library is accessible to teenagers of all genders aged 12-17 y.o.

Is there anything I can do to help keep the GRD gear safe?

If the item you have borrowed is not working properly or damaged, please **let the library staff know** when you return it, so we can fix it before someone else borrows it.

We strongly recommend that you **do not clean the gear yourself**. In fact, the use of the wrong product and / or the wrong chemicals can damage it. Be assured that the gear made available to be loaned is safe to handle.

To keep a good level of hygiene, we recommend you wash your hands before and after using the gear. That's all.

How can I support the GRD Gear Library?

The GRD Gear Library is a free service. If you'd like to help cover its running costs (gear maintenance, repair & purchase), please **donate** to Girls Rock Dublin via paypal.me/GirlsRockDublin. To donate gear: www.girlsrockdublin.com/donate-gear

I have feedback for you, how can I contact you?

We always love to hear from the GRD Gear Library users. Please email us at girlsrockdublin@gmail.com. We also have a **newsletter**, if you want to receive it and be notified about our events just mention it in your email. Thank you!
